MEMORANDUM FOR: Deputy Director (Plans)

SUBJECT : Proposed Visit to Aeronautical Chart and Information Center (ACIC), St. Louis, Missouri

25X1A9A
AFCIN has invited Gordon Arneson of State, Colonel Montgomery and Ray Adcock of Army, and Art Lundahl, [redacted] and myself to a briefing on TALENT materials at ACIC on Thursday and Friday, 19 and 20 March. This briefing has considerable interest to us because of the extensive utilization of TALENT materials planned by ACIC for geodetic control purposes. You may recall that in my trip report on our visit to ATIC I mentioned that this trip was upcoming. Unless you see any reason why I should not be away at that time, I plan to attend.

25X1
